
ACTA ANÆSTHESIOLOGICA BELGICA

2021 – 72 – Supplement 1

CONTENTS

Erector spinae plane block in the pediatric population: a case series	<i>J. B. Glissenaar; J. M. K. de Filette, T. Opsomer; D. Vanhonacker; J. Poelaert</i>	1
Early extubation practices following liver transplantation: a review of the literature	<i>N. Vandepoele, M. Verhaegen, M. Van de Velde</i>	3
Retrospective analysis of postoperative pain after general anesthesia for vitreoretinal surgery with or without a retrobulbar block	<i>F. Dogrul, G. Dewinter, P. Stalmans, A. Teunkens</i>	15
A randomized controlled trial comparison of LMA® Gastro™, classic LMA and endoscopy mask for anesthesia during adult gastroscopy	<i>F. Menegatti, M. Lievens, L. De Volder, O. Haegeman, M. Coppens, L. De Baerdemaeker</i>	23
Intranasal dexmedetomidine to facilitate mask induction and prevent emergence delirium	<i>M. Denis, H. Goethuys, E. Vandermeulen, D. Mesotten, J. Vundelinckx</i>	31
Outcome and hospitalization costs after aneurysmal subarachnoid hemorrhage: a single center retrospective analysis	<i>M. Timmers, X. Willaert, L. Stockx, T. De Beule, J. Grieten, A. Lesenne, S. Rex, E. Panis, D. Mesotten</i>	37
Infantile postoperative encephalopathy and the perioperative risk factors: a systematic review of the literature	<i>L. Klewais, E. Roofthoof, M. Van de Velde</i>	45
Risk factors of Intensive Care Unit-Acquired Weakness: a single center retrospective analysis	<i>C. Hilderson, D. Schramme, B. Naveau, M. Vander Laenen, W. Boer, K. Engelen, T. Fivez, X. Willaert, N. Pierlet, S. Rex, W. Eertmans, D. Mesotten</i>	55
Predicting perioperative acute Kidney injury in liver surgery	<i>L. Coeman, P. Wyffels, J. Van Limmen, P. Wouters</i>	63
Comparing the impact of OFA (opioid free anesthesia) and steroids on the quality of recovery after Hip Arthroplasty by Direct Anterior Approach Using Minimally Invasive Surgery: a case-control study	<i>C. Korthoudt, J. Van Lommel, M. Vandekerckhove, J. De Rycke, J. Mulier</i>	71
Update on best current practice of non-pharmacological interventions reducing preoperative anxiety in children, a semi-systematic literature review	<i>V. Desmet, S. Kuijpers, J. Boons, M. Van de Velde</i>	77
Dural Puncture Epidural: to puncture or not to puncture?	<i>J. De Haes, E. Roofthoof, S. Devroe, M. Van de Velde</i>	87
Anesthesia for patients with Rett syndrome: a systematic review	<i>S. Pissens, M. Van de Velde</i>	99
Latex allergy in healthcare workers: prevalence and characteristics in Ghent University Hospital	<i>T. Vansteenkiste, S. Amar, H. Lapeere, M. Coppens, L. De Baerdemaeker</i>	105
A tool to facilitate anesthetic preoperative consultations	<i>G. Claeys, M. Coppens, L. De Baerdemaeker</i>	113

How effective is an ultrasound-based imaging technique with automated guidance as an aid in performing spinal anesthesia in elective caesarean section patients? A prospective randomized controlled trial	<i>J. Delforche, S. Vanderhaeghen, M. Coppens</i>	123
Impact of opioid free Anesthesia versus opioid Anesthesia on post-operative oxygenation after bariatric surgery: an observational study	<i>L. Geerts, H. Carvalho, E. Jarahyan, J. Mulier</i>	133
Enhancing recovery after minimal invasive surgery of the pectus. A review of the literature	<i>N. Trongthiang, D. Wildemeersch, P. Mertens, J. M. H. Hendriks</i>	141
Multi-specialty consensus on fundamental ECMO-skills, experts' opinion: a study protocol	<i>A. Steenhout, H. Peperstraete, A. Moerman, I. Van Herzeele</i>	151
Which sevoflurane wash-in rates towards 1.0 MAC ensure adequate anesthetic depth after a standardized intravenous induction before surgical incision?	<i>M. Van Thielen, R. Carette, S. De Hert, A. M. De Wolf, J. F. A. Hendrickx</i>	159
Point-of-care coagulation testing in cardiac surgery: an updated narrative review	<i>S. Espeel, D. Van Beersel</i>	167
The use of prophylactic corticosteroids to reduce post-extubation stridor in pediatric patients: a systematic review	<i>M. Dekeyser, J. Gunst, V. De Sloovere</i>	179
Intraoperative cell salvage in oncological surgery: a narrative review	<i>P.-J. Windal, S. Rex, R. Van den Eynde</i>	191
Survival of elderly COVID-19 intensive care patients in the first and second Belgian wave: a retrospective single center analysis	<i>G. Vermeiren, X. Willaert, H. Vervloessem, S. Thiessen, W. Boer, T. Fivez, K. Engelen, M. Vander Laenen, M. Van de Velde, D. Mesotten</i>	203
An alternative strategy for COVID-pneumonitis: a retrospective analysis from a tertiary center in Belgium	<i>T. Fivez, J. Bruggen, D. Mesotten, X. Willaert, K. Engelen, L. Merckx, M. Vander Laenen, N. Pierlet, B. Goethuys, R. Heylen, W. Boer</i>	211
Effect of intravenous clonidine on postoperative agitation and recovery time after tonsillectomy	<i>J. Smet, N. Van Der Vekens, H. Vanoverschelde, A. Moerman, A.F. Kalmar</i>	217
Parental factors influencing postoperative pain in children: a systematic review / Parental factors and postoperative pain	<i>L. Van Looveren, J. Berghmans, L. Vanlinthout, L. Goubert</i>	225
Stroke volume variation and pulse pressure variation measured at pulmonary arterial level versus pulse pressure variation measured at systemic arterial level: an exploratory study	<i>M. Slabbaert, M. Vandeneuvel, P. Wouters</i>	235
CBD-oil for pain management: myths and evidence	<i>M. Träger, B. Morlion</i>	245
Postoperative pain after cesarean section: an audit of practice after implementation of the PROSPECT recommendations	<i>N. Gharae, E. Roofthoofst, N. Fileticci, S. Devroe, P. Vanhove, S. Rex, M. Van de Velde</i>	257
Sevoflurane in COVID19 patients: a prospective observational pilot study	<i>B.C. Vinckier, A.C. Dumoulin, Y.E. Devriendt, M. Van de Velde, P.M. Lormans</i>	263
Alerting and organisation of the Flemish resuscitation teams	<i>H. Verborgh, W. Degrève, L. Foubert</i>	267

Quality of life after COVID-19 induced critical illness: do the old survivors suffer more?	<i>J. Conings, G. Vermeiren, W. Boer, T. Fizez, D. Mesotten, M. Vander Laenen, S. Thiessen, K. Engelen, X. Willaert</i>	275
Pitfalls and benefits of virtual reality hypnosis during transcatheter aortic valve implantation in high risk patients	<i>F. Vanhoorebeeck, M.B. Breebaart, S. Maes, P. Mertens</i>	281
Categorical Apache IV prediction of ICU and 90 day mortality	<i>T. Bergmans, M. Van de Velde, N. Pierlet, B. Goethuys, D. Mesotten, S. Van Poucke</i>	287
Confirming central line position through bedside ultrasound, a prospective registration	<i>J. Dillemans, A. Dumoulin, P. Wyffels, B. Heyse</i>	295
Ultrasound-guided superficial cervical plexus block for post-herpetic neuralgia: narrative review of the literature and an illustrative case	<i>S. Roelands, C. Lebrun, F. Soetens, F. Van De Perck, K. Vermeylen</i>	303
